

*Fisherman's World Inc.*

**Fishing Report - January 11, 2010**

**Happy New Year**

**From Fisherman's World**

There is no fishing to report in our Local Waters with the exception of Herring fishing in the harbor areas, where docks are accessible. Call us for updated Ice Fishing reports, as well as Local River conditions and reports.

We are fully stocked with live shiners, spikes, mousies, and worms!

Thank you,

Rick
